ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS OF ANTRIM

The fifteenth annual report of the Superintendent of Schools is hereby presented, it being a report for the school year ending June 30, 1933.

There were no changes in our corps of teachers, all our regular teachers have the highest form of state certification and at this time both of our supervisors also have the highest form of state certification, a State Certificate.

The following table gives certain interesting data; but it must be remembered, as is true for all statements in this report, that it does not refer to the present school year, but to the year which closed June 30, 1933.

School	Teacher	Salary	Year's Exp.	Education	State Approval
Village	Charlotte Balch	$950	39	Lowell Training	C
East	Ruth Bassett	875	5	Keene Normal	C
High	A. Louise Carlson	1250	2	Radcliffe	C
High	T. C. Chaffee	2100	29	Brown	C
N. Branch	Helen Crosby	900	2	Keene Normal	C
Village	Alice Cuddihy	950	28		
All	Elizabeth Felker*	300	6	N. E. Conservatory	L
Village	Gertrude Hersey	950	4	Keene Normal	C
High	Margaret Maxfield	1200	2	Keene Normal	C
All	Edith Messer*	220	38	Lowell Training	C
Village	Louise Murdough	1000	4	Keene Normal	C
Center	Gadys Phillips	900	7	Keene Normal	C

*Mrs. Felker and Miss Messer supervise music and drawing respectively and are engaged for part time only hence the salary which without explanation might appear out of proportion to the other salaries. The results in both music and drawing are unusually good. I had a call from some one out of the State for an outline of our course in drawing as it had been recommended to them.

We have a monthly pay roll for teachers alone of $1,159.50, divided as follows: $455 to the High School, $385 to the Village grade teachers, $267.50 to the outside schools and $52 to the supervisors.

All our teachers have had teaching experience, averaging 13.8 years.

From the following table it will be seen that our total enrollment was 211, of whom 110 were boys and 101 were girls. The average membership was 188.94 or about 22 less than the total enrollment. This was caused by the loss of 25 pupils during the year, 9 from the high school, and 16 from the grades. The 16 grade children all moved from town. Of the 9 high school pupils it appears that one moved from town, two were reported not sufficiently interested in their work. Of the other six three returned to school the next Fall, in the next lower grade. The law does not allow those under 16, in good health to leave school unless they have completed eight grades, which practically means that no child can leave the grades because of lack of interest in his work, while they may do so in high school. For this reason more attention is required in the high school to holding pupils in school.

The North Branch School leads in the matter of attendance, having only 75 cases of absence out of a possible 3982 or more than 98% attendance. The high school had the poorest record for attendance, having 1008 absences out of a possible 14836 about 93%. The average per cent of attendance for all our schools was 95.72%.

School	Boys	Girls	Total	Average Membership	Average Attendance	Days Absence	Percent Attendance	Tardiness per pupil enrolled	Number of school days
High	24	24	48	42.14	39.28	504	93.21	1.18	176
7-8	11	15	26	25.21	24.31	157	96.43	0.10	176
5-6	20	21	41	36.53	35.60	164	97.45	0.05	175.5
3-4	18	17	35	33.13	31.93	209.5	96.38	0.40	174.5
1-2	10	11	21	19.28	18.32	169.5	95.02	0.24	176

No. Branch	10	5	15	11.37	11.16	37.5	98.15	0.33	175
Totals	101	101	211	188.94	180.85				

Miss Balch's room had the best record for promptness in attendance there being only 0.05 cases of tardiness per pupil. Teachers, parents and pupils are congratulated upon that record. All schools did well in this respect, the average being only 0.61 cases per pupil for the year. The number of days the schools were in session varied from 174.5 to 176. We should have at least 180 days of actual schooling per year.

The Roll of Honor for perfect attendance has the following names:

In addition to the usual Roll of Honor, I am sure there should be another containing the names of the mothers who have been able to keep their children in sufficiently good health for them to attend every day, and who have with numerous household duties seen to it that their children, day in and day out have been fed and

washed and clothed, and hustled off in time for school. For that reason I express appreciation to the following parents having three or more children upon the honor roll:

Mrs. Oscar Clark	4 children on the honor roll
Mrs. Ernest McClure	3 children on the honor roll
Mrs. Gordon Sudsbury	3 children on the honor roll
Mrs. Andrew Fuglestad	3 children on the honor roll

Schools belong to the taxpayers and they are entitled to have a voice in their managemnt, but with that privilege goes a duty, that of knowing at first hand, and not from hearsay, just what is going on in the schools, and this can only be done satisfactorily by repeated visits to the school during the regular exercises of the school and not on special occasions, like the Christmas and Memorial Day exercises.

In one of our schools there were only three visits made during the year, of which two were made by parents, each making one visit. No trained critic of teaching would venture an opinion of a school upon one visit a year. There were reported by teachers of all our schools 31 visits by school board members and 311 by parents and friends. The four rooms in the Village grade school have a full list of visitors. Of the 262 visits made to these four rooms, 234 were made during the Christmas and Memorial Day exercises, leaving only 28 visits to all four rooms during the regular school periods. Of course we wish even more parents could visit the schools during the special exercises, but surely that ought not to be considered a time to judge the real work of the school.

The Superintendent made 196 visits to teachers, somewhat oftener than once every two weeks to each teacher.

The amount of state aid recivable by the school district is of interest at any time, never more so than in the time of depression. Whatever, over $5.00 per $1000 of equalized valuation, is spent with the approval of the State Department for elementary education is returned to the district in the form of State Aid.

In considering the matter of state aid it must be remembered that the amount spent must be approved by the State Department, and that only elementary school expenses are considered. Antrim has the highest equalized valuation of any of my seven school districts, and is entitled to as much state aid as it spends, with the State Board approval, over $5.00 per thousand of our valuation for elementary schools. The non-receipt of state aid means either that we have not spent more than $8556.65 which is the amount of the $5.00 tax, for elementary schools or that if we did spend more than that amount, we must have spent some money in a way not approved by the State Department.

Approval does not seem to be just the word to use because a perfectly legitimate and even necessary expense may not meet with the technical approval. The state board sets for the amount of its approval the average paid throughout the State for the different items. In certain cases it may be necessary for a district to pay more than the average for certain items such as fuel or transportation. Lack of approval does not necessarily mean disapproval; it means that the state does not agree to pay more than the average cost, and that if a district must do so it must bear that extra expense itself.

We spent $16,166.79 for education this year, or 94 cts. per $100 valuation or $1,711,330 that being our equalized valuation. This valuation is highest of the seven districts in my union, but there are three districts paying more considering their ability to pay, and three paid less.

The work in our music and drawing departments has been very well done, and the medical examination was carried on in a thorough manner.

As has been their custom for a number of years the D. A. R. awarded money prizes for excellence in United States History in both the seventh and eighth grades in all our schools. Judith Pratt received the first prize and Hilda Cochran the second prize in the eighth grade, while Harvey Black received the first and Fred Hardwick the second prize in the seventh grade. The S. A. R. again offered its beautiful medal for evidence of good citizenship, and this year it was awarded to Miss Edna Linton.

The school year closed with the thirty-ninth High School graduation exercises held in the Town Hall at 2:30 P. M. on June 16 with the following program:

Processional — Orchestra
"Pomp and Chivalry"
Prayer — Rev. William Patterson
Salutatory — Lillian St. John
